## FRED F. CAIN INC. TO CELEBRATE TWENTIETH ANNIVERSARY

The Fred F. Cain Company, of Main Street, one of New England's largest automobile dealers, will celebrate their twentieth anniversary as Plymouth - Chrysler dealers with a gala celebration from Oct. 27th through Oct 30th.

During the four day celebration the hundreds of people attending will be afforded an opportunity to win 12 valuable Door Prizes.

Several New 1957 Chrysler and Plymouth cars will be available for the public to drive and inspect. An International Motor Caravan of over 30 units will be available for inspection.

There will be refreshments for everyone in the newly refurbished and redecorated show rooms, at 580 Main Street.

Fred F. Cain, Treasurer of the corporation bearing his name is one of New England's largest dealers in the automobile business, both in new cars, Chrysler and Plymouth, and in high quality second hand automobiles. His stock is believed to be as large as any in the area.

In the automobile business since 1931, he became associated in that year with the H.E. Smith Chevrolet Company as a salesman. After serving his apprenticeship he joined the staff of John H. Bates Co., in Woburn.

In early 1936 he entered in a partnership with L. A. Gildart and formed a company known as Gildart, Cain Chevrolet Co. in Wilmington.

On Oct 27th 1936 Mr. Cain signed a dealer agreement with the Chrysler Corporation as a direct Chrysler - Plymouth dealer at 10 Lowell Street, Wilmington.

In 1941 the Fred F Cain company erected a new building at 580 Main Street and since that time the facilities have twice been enlarged, with the latest addition now nearing completion.

Among other accomplishments, Mr Cain built the Billerica - Wilmington Airport in Billerica in 1946. He was Charter President of the Wilmington Rotary Club, and is Past President of the New England Aviation Trades Assn, Past President of the Eastern Mass. Chrysler Dealers Assn. He is

HEZEKISH REID A BASS-BARITONE WHO HAS BEEN HIGHLY PRAISED BY BOSTON MUSIC CRITICS. THE PROGRAM IS SCHEDULED TO BEGIN AT 8:15. THERE IS NO ADMISSION FEE.

### DPU RATE HEARING ADJOURNED TO NOV 27TH

The Town of Reading Municipal Light Department was given two weeks to supply requested information, by the Department of Public Utilities, at the first part of a hearing which was held in Room 166 of the State House last Thursday. Information on the rate structure for the new light rates, which went into effect on Sept 1st was requested by Town Counsels Philip Buzzell of Wilmington and Ralph Howland of Lynnfield. The Reading Town Counsel was unable to supply the information at the hearing which led to Commissioner Brackman of the DPU to order a continuation, to November 27th at 10 am in Room 166. Any decision by the DPU has been reserved until after the Nov 27th hearing.

Atty Buzzell brought to the attention of the Commissioners of the DPU the 1908 statute which reads in effect 'No rate change shall be made (by the

Reading Electric Light) except by mutual consent of the towns affected'.

Present from Wilmington, in addition to Atty Buzzell was Town Manager Joseph Courtney, and Selectman Frank Hagerty, and Mr and Mrs Ralph Babcock. TM Courtney, in agreement with the Selectmen and Light Rate Structure Committee of Lynnfield, plans shortly to arrange for a meeting among the towns after the information on the rate structure has been supplied, so that a joint study can be made.

Present from Lynnfield were Selectman Chairman Arthur S Tewksbury Jr, Selectman Mason J Condon, and three of the five members of the Lynnfield Electric Rate Study Committee, N Kenmore Wade, Chmn, Delton R Dunkling and Ralph L Wilkinson. Reading people present, besides the Town Counsel were Gilbert N Stanford, Manager of the Light Company, and Mr Wilcox, Chairman of the Board of Light Commissioners. Also present was Chester Buckley of

(cont. on Pg. 7)

the Chester Buckley Associates, the firm which surveyed the electric light system for the Town of Reading, and suggested the form of the new rate structure.

### TRAIN SCHEDULE HEARING

A public hearing on the change in the North Wilmington Boston & Maine Train schedule will be held on Thursday, Nov. 1, by the Department of Public Utilities in their Hearing Room, Room No 166, State House

### TM RELEASES STATEMENT ON URBAN RENEWAL PROGRAM

The Town Meeting, next Monday night, is for the purpose of asking the people of Wilmington to approve of the necessary preliminary legal details intended to be used to get a grant from the Federal Government of \$10,000 to \$15,000 for a planning study of Wilmington Square. No money would be asked from the people of Wilmington, merely the preliminary acceptance of the idea, with the right to later reject it, if they did not approve.

This, in essence, is the statement of Town Manager Joseph Courtney, released to the public Tuesday afternoon--the first statement made to the public about the so far 'hush hush' project concerning Wilmington Square. The entire statement read:

'Wilmington's greatest and most pressing problem is Wilmington Square.

The most promising solution to this problem available to the town is participation in the Federal Urban Renewal Program.

On Monday night, October 20th the Special Town Meeting will be asked to approve the first steps necessary to make the town eligible for this program--first, to establish an Urban Redevelopment Authority, and second, to authorize specific participation in 'Urban Renewal'. This is, in sub-

### THE TOWN WARRANT

There are seven articles in the Warrant for the Town meeting next Monday night, the warrant having finally been posted last Saturday.

Article 1 is to rezone land owned by Sadie Griffith, off Main Street, opposite Gildarts. We understand that the proponents will ask to have this article "passed" because they intend to bring it up at the annual Town Meeting.

Article 2 is the one with all the secrecy, for what may be good and sufficient reasons. It asks that the town determine whether or not there is need for a Redevelopment Authority and is sponsored by the Planning Board. No money is asked for, in the article.

There is a law on the statutes, we are told that provides that the Town Counsel shall explain to the voters the provisions of any new law, which may come before the Town Meeting. We suspect that Mr. Buzzell will be called on, for this article.

Article 3 is to see if there is a need for an Urban Renewal Program, which is a part of the same program to be discussed in Article 2, or so we believe. It is also sponsored by the Planning Board.

(On Page One, of this weeks issue we carry a full and comprehensive release by the TM, concerning these articles, which we recommend to our readers. They may agree, or disagree, as they choose. Personally, at least so far, we are in the TM's side.)

Article 4, we suspect, will be the point where the Finance Committee will be able to express their opinions of the present Police-Fire station. The article calls for an appropriation to provide plans for a new police station, etc. Several members of the Finance Committee have made no secret of their belief that the present station can be made to do by putting the Chief of the Fire Department upstairs, in an office to be built out of part of the recreation room for the Fire Department. We suspect

that there will be fireworks when this article gets on the floor.

Article 5 is to provide money for the purchase of 12.2 acres of the Signore Development, in North Wilmington, as a future school site. This was discussed at the annual Town Meeting, last spring, and agreed to at that time.

Article 6 is to see if the town will purchase a dump truck, with snow plow and spreader, on the request of the Board of Selectmen.

Article 7 may well be called Harold McKelveys article. Land in South Wilmington, near his home was formerly zoned for business, and is now residential, as a result of the rezoning of last November. Mr. McKelvey was in to see the Selectmen about this on several occasions but other pressing matters kept the Selectmen busy. Now they have got around to putting an article in the warrant, as they had promised him they would do.

### THE READING ELECTRIC LIGHT

TM Courtney wrote a letter to the Reading Electric Light last week which was a real whizzer. It was written after their application to the DPU had been made, and assumed that information which was called for by the DPU was available to those who chose to ask for it. As was brought out by the hearing, the information was not ready, and two weeks was given to the Light Company to supply the information.

Frankly, if we had been in the Light Company's shoes, that letter would have dismayed us. The TM asked just about every conceivable question that could have been asked, and about the only thing he didn't throw in was the kitchen sink.

The Reading Electric Light has always given pretty good service to Wilmington, and we have never complained of the rate structure under which they were operating as it was one of the lowest in the Commonwealth. The new rate structure is, of course, something that still has to be proven, but we believe that it is occasioned by the real desire of the Light Company to improve its physical plant.

We feel that any public utility should be self supporting, and if it can be shown that the Reading Light needs this new rate structure for the sole purpose of improving services, without losing money we will support the company.

Perhaps there will have to be adjustments. The new companies coming into Wilmington not only demand a lot of power, but also have, or will have, large electric power bills. We understand that Greer's, for instance, has a bill which is close to \$2000 a month. We haven't taken the time to compute what this will be under the new structure, but there should be a considerable increase.

We must bear in mind that more power will be constantly needed in Wilmington. AVCO is a case in mind. We understand that some of their

## TOWN NOTES

### Weather

No rain last week, but Tuesday certainly was a wet day. We overheard the Rev. Stanley Cummings remark that Tuesday's rain constituted a 'poor man's car wash'.

### Baag Bang

The hunting season opened last Saturday and assorted bangs were to be heard all over town. So far we have not heard of a single hunter who could claim shooting any of our wild fowl, but both Post-offices are all sold out of Migratory Bird Hunting Stamps, which means there are plenty of hopeful hunters around.

### Fabulous Party

The St. Thomas Bazaar, last week end, was a fabulous success, in more ways than one. Over 3000 people went through the doors of Villanova Hall, that Saturday afternoon. Over 500 people partook of the bean supper, prepared by Mina DeLisle and her committee. Every where the place was positively jumping.

General Chairman Maynard Eaton, better known as 'Red' was the busiest man in Wilmington. After doing enough work during the day for three men he went home, shaved and showered, and was back again in half an hour, at about 6 pm., fresh as a daisy, according to one lady who saw him return. He worked right through until the last person had left. Next day, but not before, Red found that he was literally speechless.

The biggest thing, in a little way, was the coke booth which still sold cokes for a nickel. It was, or is, probably the only one left in New England, and was it heavily patronized!

### Biggest Bargain

A whole pie plus a kind mother's perfectly good pyrex pie plate, all for 50¢ or so, is the biggest bargain somebody ever got in these days of rising costs. The kind mother of Miss Moriarty, teacher at the Center School, made a pie for the PTA membership supper, did not put her name on the pie plate. The pie was among those sold after the supper, and now Somebody is wondering whose pie plate she has.

experimental machinery will utilize 50,000 volts. We also understand that the Reading Light is preparing for this, with the new cables they are now laying on Lowell Street.

Actually, the only real mistake that the light company made was that it failed to take the public to its bosom, and tell them that there were changes to be made. At least that's the way it seems to be at this moment.

And, we'll bet that it is something that won't happen again, at least for a while.

#### OURS IS NOT THE ONLY ONE

Every now and then we have stories in our paper about the troubles of the Wilmington Town Dump. It catches on fire. The Board of Health gets nasty letters from the state about it. It costs money. People dump rubbish outside, because they unexpectedly find the gates locked at 2 am.

Selectman Frank Hagerty, who is a close observer of the Wilmington Dump has been preparing for another fight on the subject, come the next annual Town Meeting. Selectman Hagerty is a firm believer in having rubbish collected by contract, and taken care of in private dumps. There is, to say the least, some value to Mr. Hagerty's theory.

Mr. Hagerty should take the time to observe the troubles of Reading and Wakefield, when it comes to dumps, and he would realize that Wilmington is not quite so unique, after all.

Recently the Wakefield Item has reported on some of those troubles, in stories that were written in a quite amusing light, to our way of thinking. It seems that the two dumps are adjacent to each other, and that the two towns are always saying that the fire is in the other fellows yard.

Not too long ago someone in Reading called Wakefield to tell them that their dump was on fire. The Wakefield Fire Laddies responded, and the Reading boys as well, in a spirit of cooperation always to be found between Fire Departments. The fire, it turned out, was in the Reading Dump.

Now, the Chief of the Reading Department is Hugh Eames, of the Wilmington family of the same name. He has a dour looking face, but his heart is not to be described in the same manner. The Wakefield Item reporter approached Hugh, and recorded the event. Eames surveyed the fire. "It's ours", he said glumly.

Reading and Wakefield are now in a semi-state of mutual unappreciation about the dump in the other fellows yard. Wakefield was ordered to stop burning trash at their dump, by the State. The people of Wakefield are now circulating a petition to make Reading stop too.

Mr. Hagerty should pay those places a visit. It might make him think he was back here in Wilmington, listening to our troubles about our dump.

#### THE B & M GETS IT IN THE NECK

Although we feel that TM Courtney is only doing his duty, in protesting the new schedule of the Boston & Maine Railroad, effective next Sunday, at the same time we have some sympathy for the B&M.

The railroad has bought a lot of new trains, and is obviously trying to tighten up its schedule structure, so as to do more work at less cost.

Whenever a public utility tries to effect a change, hoping for the better, it runs into trouble. The B&M has its shares of troubles, without a doubt, and it may possibly be an axiom that any business that has troubles des-

(continued Page 5)

#### HANK FILLIPONE IN HOSPITAL

Henry (Hank) Fillipone, Commander of the Nee Ellsworth Post of the VFW is in the Lawrence Memorial Hospital, in Medford, for an examination. Mr Fillipone has been suffering from an injured back, and is thought to have a ruptured disc.

#### ANADAMA

A few months ago while visiting Rockport, I ran into a different and unusual corn and molasses bread. As soon as I tasted it, I knew that many people in Wilmington would love 'Anadama' bread. Now, both of our stores are carrying the premium quality Anadama line which consists of Anadama white, raisin, wheat, and rolls. We are also proud to say that we are exclusive distributors of this line in Wilmington.

## PTA OFF TO A GOOD START

The first meeting of the Wilmington Parent Teachers Association got off to a good start with over two hundred attending the membership casserole supper in the High School Cafeteria, Tuesday, Oct. 16. Supper was followed at 7:30 by movies of local scenes shown

in the Auditorium by Larry Cushing. The much talked of, beautiful decoration for the last Senior Prom were shown, also movies of both boys and girls at gym classes.

In the business meeting which followed at 8:00 Dr. Kenneth Iverson, President, spoke of the aim of PTA and reviewed the program for the year. The aim of PTA this season is to

stress the fourth objective of the National Congress of Parents and Teachers: To bring in to closer relation the home and the school, that parents and teachers may cooperate intelligently in the training of the child. The program in November will be co-ordinated with American Education Week, Nov. 11-17. Open house will be held in all the schools on Tues., Wednesday, Thurs. evening of that week as follows; (not as in the printed program) On November 13, Tuesday, Open House in the three long Ws: Wildwood, Whitefield, Walker. On Nov. 15, Thursday, Open House in Swain, Buzzell, Center, Mildred Rogers, and the short W, West. Open House in the High School is Nov. 14, as it appears in the printed program, the only possible night to avoid conflict with the Adult Evening School. In December the High School Dramatic Club will present a One-Act Christmas play. For January, the Wilmington Youth Commission will have charge of the program. The Scholarship Fund Benefit is scheduled for March. A speaker from Channel 2 will come in April.

Dr. Iverson reminded members that the National Parent-Teachers Magazine is available in the Public Library and encouraged more use of the Library. He also mentioned that there is now available in the Library the report of the survey which the local Board of Trustees requested the State Division of Public Libraries to make.

The many teachers present

OPENING OF THE PTA SEASON

JOHN COLLINS, SUPERINTENDENT OF SCHOOLS, RELATING THE PROGRESS AND PROBLEMS OF THE WILMINGTON PUBLIC SCHOOLS, AT THE OPENING SESSION OF THE WILMINGTON PARENT-TEACHERS ASSOCIATION, OCTOBER 16TH. ON THE PLATFORM NEAREST TO MR COLLINS IS DR KENNETH IVERSON, PTA PRESIDENT, MRS MARILYN FARRELL, SECRETARY, ALMERICO DI CAMPO, TREASURER, AND ROBERT G COWIE.

were introduced by Mr. Ambrose who is one of the supervising elementary principals, and by Mr McMahon, who is principal of the High School.

Mrs Robert Ford of Salem St was elected representative of the Center School, and Mrs Frank M. McLean of Salem St was elected representative of the Buzzell to replace Mrs. A. Lloyd Laffin, resigned.

PTA membership is about 260. Mrs. Robert Michelson or any of the school representatives can furnish membership cards for anyone who has not yet joined.

The next regular meeting of the PTA was announced for Dec 11. No PTA meeting will be held in November because Open House comes that month.

The speaker of the evening, Mr. John J. Collins, Superintendent of Schools, gave a very interesting, thirty-minute talk which was well received. His topic was 'Introduction to Wilmington Schools'. He outlined briefly what is expected of various grade groups, mentioned the state standardized plan for the first six grades, and explained the system of marking report cards. He reported that although at the present time the physical plant is adequate the projected enrollment figures indicate that it is possible that the town will outgrow classroom space before new schools now planned are completed, and that the Glen Rd. School will not be available for Sept. 1957 as originally anticipated. He discussed the High School curriculum and mentioned that because of its adoption, the New England Association of Colleges and Se-

condary Schools last December voted WHS a new member of the Association. 'It is fine to have a place to put the children, but education of your child is no better than your teacher's' he said, and went on to explain the difficulty of obtaining teachers in certain categories and the inadequate list of available substitutes, and expressed his appreciation of the present teaching staff.

## HALLOWEEN MAGIC IN WILMINGTON

It's magic! Magic that will be performed by the young people of the Methodist Youth Fellowship Junior High group again this year when they ring your doorbell Halloween eve and cry 'Trick or Treat for UNICEF', United Nations Children's Fund. Wilmington residents can breathe easily in the knowledge that the Halloween pranks of former years are no more. These youngsters are replacing the old-style tricking, with their collecting money to treat their cousins overseas to better health and happiness through the food, medicine, and instruction on how they can help better their own living conditions.

The best kind of magic is that which helps those who give and those who receive. While our American children learn the basic principles of giving and sharing - UNICEF is enabled to perform its miracles that sets off this chain reaction of self-help and food and medicine for 'all the world's children'.

## DRAWING

## LIBRARIANS ATTENDING CLASSES

Mrs. Clara Chipman, Librarian, and Mrs. Louise Balser, Cataloguer, of the Wilmington Public Library, are attending a ten-week, Monday evening course at the Lynn Public Library.

The course, 'Cataloging and Classification of Public Library materials' for small and medium-sized public libraries, is conducted by Miss Mary E. Bidwell, Cataloger at the Lynn Public Library.

The Mass. Library Aid Assoc., Inc., a small 'FRIENDS OF LIBRARIES' group on the state level, is underwriting the cost of the course in order.

## TOWN OF WILMINGTON

PLANNING BOARD  
NOTICE OF PUBLIC HEARING

Notice is hereby given that the Planning Board of the Town of Wilmington will conduct a public hearing, at 7:30 pm Oct. 26, 1956 in the Town Hall, relative to Article 1, of the Warrant for the Town Meeting of Oct. 29th, viz:

To see if the Town of Wilmington will vote to rezone from residential zone to general business zone, a strip of land two hundred fifty feet (250') by three hundred twenty-seven and one-half feet (327.5') in the rear of property now known as the 'Ritz' located on Main Street, Wilmington (County of Middlesex) Massachusetts being lot Nos. 313 to 304 inclusive, bounded on the south by Montrose Avenue, also Lot Nos. 250 to 259 inclusive, northwest by Montrose Avenue, Lot Nos. 229 to 220 southeast by Gardner Avenue as shown on the plan known as the 'Wilmington Plaza', Subdivision Plan of Land in Wilmington registered and recorded in January, 1922. This would make a total of five hundred feet (500') in depth from Main Street of which two hundred fifty feet (250') is already zoned for general business. The purpose of this rezoning is to accommodate the super market that wishes to locate there, or do anything in relation thereto. On request of Sadie J. Griffith and others.

A public hearing will be held at the same place at 8:00 pm on the same date relative to Article 7, viz:

To see if the Town will vote to amend the Zoning By-Law and Map by changing the Zoning District classification from residential to industrial for that section of land bounded by the Woburn-Wilmington town line from the point of intersection with the Boston and Maine Railroad, westerly to the intersection of said town line with the center line of Main Street thence northerly along said center line to the point of intersection with the center line of Border Avenue, thence easterly along the center line of Border Avenue to the point of intersection with the center line of Woodlawn Avenue and along said line to the point of intersection with the center line of Cleveland Avenue, thence northerly along said center line to the point of intersection with Cook Avenue and presently zoned industrial district, thence easterly along said district boundary to a point of intersection with the Boston and Maine Railroad and southerly along said railroad to the point of beginning, or do anything in relation thereto. On request of Harold W. McKelvey.

Wilmington Planning Board  
W. K. Irwin, Secy.

## BOSTON AND MAINE (Cont. fr. Pg. 3)

erves it.

Nevertheless, we feel that the B&M is out to recapture its riding public, and is going about it the right way, too - providing the latest in transportation and comfort.

What the TM is yelling about, if we may use that word, is a change in schedules in North Wilmington (Boston and other papers somehow lost the 'North' part of the story). We believe he feels that the cancellation of the train that now leaves that place at 8:56 is a hardship.

That train is a very convenient one, and quite a few persons board it each morning in North Wilmington. In its place the B&M is substituting a train at 9:24 am. The new train arrives in Boston at 9:45 am., or 12 minutes later than the scheduled arrival of the 8:56.

In other words the B&M is substituting a train that leaves 28 minutes later, and arrives only 12 minutes later in Boston than the present one. For people who don't have to arrive in Boston before 9 am., it would seem to us, this is really convenient. It gives them time for a second cup of coffee. It gives the ladies a chance to get their children off to school, and then catch a train to Boston for their shopping.

Maybe the people in North Wilmington won't agree with us, but our sympathies are with the B&M this time.

CAFETERIA MENUS  
WEEK OF OCTOBER 29

MONDAY: Beef and macaroni casserole, cabbage salad, dark bread and butter, fruit, milk.  
TUESDAY: Corn chowder, chopped ham sandwich, buttered peas, peach cobbler, milk.  
WEDNESDAY: Orange juice, cheeseburgers, potato chips, but-

tered wax beans, chocolate pudding, milk.

THURSDAY: Grilled frankfurters au gratin potatoes, buttered whole kernel corn, rolls and butter, cookies, milk.

FRIDAY: Oven fried perchies with cranberry sauce, mashed potatoes, buttered beets, break and butter, fruit jello, milk.

## Chapin Chatter

WE'VE LIVED IN OUR HOUSE FOR OVER TWELVE YEARS, AND HAVE PUT UP WITH A SITUATION THAT NO NORMAL SELF RESPECTING AMERICAN INDIVIDUAL WOULD HAVE STOOD FOR TEN MINUTES.

THE WATER SUPPLY TO THE HOUSE WAS, TO SAY THE LEAST, INADEQUATE; AND TO TELL THE TRUTH WASN'T A WATER SUPPLY AT ALL, SINCE IT TOOK NEARLY FIVE MINUTES TO DRAW A TWO QUART PAN OF WATER. WE HAD THE PIPING INSIDE THE HOUSE CHANGED, BUT LITTLE DIFFERENCE WAS APPARENT. FINALLY THE TOWN, (WINCHESTER, THAT IS), WERE MAGNANIMOUS AND REPLACED THE WATER SERVICE.

DID YOU EVER WEAR A PAIR OF TIGHT SHOES? YOU KNOW HOW GOOD IT FEELS WHEN YOU TAKE THEM OFF. THAT'S THE FEELING OF RELIEF WE HAD WHEN THE WATER CAME OUT OF THE FAUCETS IN A NORMAL VOLUME.

YOU WILL PROBABLY SAY TO YOURSELF, HOW STUPID CAN A PERSON GET, AND I AGREE IT WAS PRETTY STUPID, BUT A GREAT MANY PEOPLE ARE PUTTING UP WITH SIMILAR UNPLEASANT, AND INADEQUATE ITEMS IN THE HOME. I AM REFERRING TO AN INADEQUATE SUPPLY OF DOMESTIC HOT WATER.

TODAY WITH AUTOMATIC WASHING MACHINES, DISH WASHERS AND LIKE LARGE USERS OF HOT WATER A 30 GALLON TANK OF HOT WATER IS NOT SUFFICIENT.

AN ALL COPPER TANKLESS DOMESTIC HOT WATER HEATER ATTACHED TO YOUR HEATING BOILER WILL PROVIDE YOU WITH AT LEAST 180 GALLONS OF PIPING HOT WATER PER HOUR, OR ENOUGH TO DO 5 WASHER LOADS OF WASHING AND TAKE 5 SHOWERS IN BETWEEN. FURTHERMORE, FROM NOW ON THRU THE HEATING SEASON IT WILL BE HEATED AT THE SAME TIME THAT THE HOUSE IS BEING HEATED, AND THEREFORE COSTS YOU NOTHING. ALSO IT IS SO CLEAN THAT YOU CAN MAKE COFFEE DIRECTLY FROM THE HOT WATER FAUCET. THERE IS NO STAGNANT WATER LAYING AROUND IN A STORAGE TANK FOR HOURS, IT'S AS FRESH AS A MOUNTAIN BROOK, IT IS HEATED AS YOU DRAW IT.

BEST OF ALL IT COSTS NO MORE TO BUY THAN ANY STORAGE TANK HEATER.

CALL MR NICHOLS OR ME AT READING 2-3290 AND WE WILL BE GLAD TO LOOK YOUR SYSTEM OVER AT NO COST TO YOU.

Best Regards,  
Paul Rimbach

MISS ALBERTA SIMMS OF THE SUNDAN INTERIOR MISSION, WHO WILL BE GUEST SPEAKER AT FIRST BAPTIST CHURCH THIS SUNDAY.

#### MIDDLESEX COUNTY IS DEBT FREE

Disbursement of a \$4,400,000 budget throughout Middlesex County in 1957 demands a keen insight in County management and calls for Commissioners on the Board of three members who have experience in dealing with heads of departments throughout the third largest county in the United States, Commissioners H. Herbert Applin and William G. Andrew, Republican nominees for reelection stated today.

Commissioner Andrew is the veteran member of the Board, having served both as chairman and member for the past twelve years. He was a former District Attorney in Middlesex County, a practicing attorney for many years, and a top vote getter for the Republican party.

Commissioner Applin has been a member of the Board for the past four years, acting as Chairman for the past term of two years. He has served in

town office in Watertown as Selectman for three successive years.

Commissioners Andrew and Applin have stated that Middlesex County is debt free, and developments in the interest of the County's future are now well into the planning stages. The betterment of working conditions among the 1,000 employees in the County will be one of the important projects to be studied in 1957.

#### LETTER TO THE EDITOR

Dear Larz:

Bad news. Sorry to say, but Andrew Pupa is back in the Mass. General Hospital. He will not be there long but we expect him to be there at least a month. Not long we hope. He wishes to see his friends but not more than 3 or 4 at a time. That does not mean you cannot come any time you want. Please try to get together with a friend or two and come. Come one, come all. As soon as we find out what ward he is in we will let you know.

Yours,

Ronald Pupa

PS He wishes you would get on the ball on school spirit and make your team win all of its football games especially the Wilmington-Tewksbury football game. He did so much want to go and see it and many others.

#### TWO APPOINTED STATE OFFICIALS

Commander Henry Fillipone, and Past Commander Joseph Lynch, of the Wilmington Post of the VFW have received State appointments in the VFW. Mr. Fillipone is now Deputy Chief of Staff, and Mr. Lynch Assistant Chief of Staff, Department of Massachusetts.

#### LEARNING ABOUT FINGERPRINTS

MRS MARIE DIAS OF NORTH STREET, 83 YEARS OLD, BEING FINGERPRINTED BY INSPECTOR WILLIAM DEWSNAP OF THE READING POLICE DEPARTMENT, AS A PART OF THE STUDIES OF THE AMERICANIZATION CLASS IN THE EVENING PRACTICAL ARTS SCHOOL. MRS DIAS IS THE OLDEST MEMBER OF THE CLASS. LOOKING ON IS MISS PAULINE LEITER, TEACHER. BELOW, WATCHING INTENTLY IS JOHN DIAS, HUSBAND, 81 YEARS OLD, AND ALSO A MEMBER OF THE CLASS.

#### PEG BAKER SETS RECORD IN BOWLING

Mrs Wesley Baker of Harris Avenue set a new record, last week, in women's bowling in Wilmington, when she rolled a score of 311 pinfalls for an individual triple.

Peg Baker, as she is better known, is the captain of the Comets, in the Women's Bowling League. She has been bowling for 9 years, and was one of the original founders of the League.

The top ten bowlers for the league, as of this week, are:

Peg Baker	90.2
Margaret Imbimbo	88.14
Mary Foley	88.6
B. Blanchette	88.3
Joyce Buckley	87.15
Mal McKie	87.12
Rhea Perry	86.16
Edith Traill	86.15
Jeanne Waugh	86.14
Gert Sawyer	86.12

The team standings are:

	Won	Lost	Pin-fall
Comets	15	9	7502
Rollers	15	9	7439
Co-Eds	14	10	7445
Beetle Baums	14	10	7359
Sweater Girls	13	11	7312
Eager Beavers	12	12	7277
Atomettes	9	15	7195
Silver Lake Rex	4	20	7042

Individual Single  
Joyce Buckley 121  
Individual Triple  
Peg Baker 311

Team Single  
Comets 472  
Team Triple  
Comets 1309

Schedule for Thurs., Oct. 25:  
7 pm Beetle Baums vs. Atomettes.

Sweater Girls vs. Co-Eds.  
9 pm. Rollers vs. Eager Beavers.

Silver Lake Rex vs. Comets.

#### WILMINGTON BOWS TO WAYLAND, 46-0

Playing a team considered by the coaches to be the best of its class in the area, the Wilmington High football team lost its fifth game of the season last Saturday at the Town Park, losing to Wayland, 46-0.

Wayland opened with a passing attack gaining their first touchdown in two plays on a long pass and another short one into scoring territory.

Wilmington tried to match their opponents with a passing offensive of their own. Several passes, including some long ones, were completed by the two ends, Bobby Spellman and Warren McFeeters, but not enough of them to match the deadly regularity of Wayland's aerial attack.

Wilmington was again up against a far heavier team. Their opponents also had several fast and shifty backfield men, and although on the whole the Wilmington defensive line played well, they could do little when faced with Wayland's line of giants and their very capable runners.

The situation for next week's game with North Andover (away) is brighter. The squad will take on four more boys—all of whom played first string football either this year or last. Bob Grisbois was a first string end for Wilmington until he was injured early in the year, and Doug Anderson played first string full-back for Wilmington last year. The two out-of-townners are tackle Harry Sawyer from Burlington, and Bill Johnston, who has played both tackle and guard for Tewksbury.

### TRAIN SCHEDULE (cont. fr. Pg. 1)

Announcement of the hearing was made by the DPU to the Board of Selectmen, who, together with the Town Manager, requested the hearing on behalf of the petitioners.

### TOWN MANAGER

(cont. fr. Pg. 1)

stance, Articles Two and Three on the Town Warrant.

By approving these articles the Town Meeting will create the necessary legal machinery to allow the Town to apply for a ten to fifteen thousand dollar preliminary 'Planning grant' from the Federal Government. This money would pay for the detailed studies and final plan for the improvement of the square.

At this time there is no way of predicting the final details of the plans which will be developed. Neither is there any guarantee that the final plans will be approved by the Federal Authorities, or by the people of Wilmington.

The answers to these questions, once the exact procedure by which the program will be operated, can only be determined by the proposed study paid for by Federal Funds.

The Redevelopment Authority will have sole jurisdiction over the conduct of the study and the preparation of the required plans.

Its members will be elected by the town in March, in exactly the same manner as the Housing Authority. Until March the Selectmen would appoint interim members who would be empowered to formally apply for the proposed federal grant.

One member of the Redevelopment Authority, as in the case of the Housing Authority, would be a Wilmington resident appointed by the State Housing Board.

If the final plans are approved by the Town, the State Housing Board and the Federal Government, and actually carried out, two thirds of the cost of the project would be reimbursed by the Federal Government. The original planning grant would be counted as part of the cost. If the plan is not carried out, there is no cost to the town for the preliminary studies.

While the Redevelopment Authority is completing its studies the Planning Board must complete a general plan of 'Master Plan' for the future development of the entire town. This is essential to establish final eligibility for Wilmington's Urban Renewal Project.

The Federal Government will support half the cost of the Planning Board program through 'Title 7' grants - the first of which was awarded to Wilmington last spring.

Wilmington's eligibility to participate in this program is a direct result of the outstanding work and accomplishments of the Board of Health, Planning Board, and other agents of the town.

Such eligibility is contingent upon comprehensive zoning, subdivision, building, health and housing codes, school accommodations planning and similar tangible achievements in which the Town of Wilmington has been a leader in the Commonwealth of Massachusetts during the past few years.

If Wilmington enters upon this program it will be the smallest community and the only town in Massachusetts to

do so to date.

In the opinion of the Planning Board, the Board of Selectmen and the Town Manager, Urban Renewal offers the only comprehensive solution to the problems of Wilmington Square legally possible under the General Laws of the Commonwealth of Massachusetts. It is the one legal means through which an agency of the Town may assemble land through purchase or through eminent domain for the purpose of resale under conditions which protect and advance the public interest.

And the problems of Wilmington Square are inescapably related to the public welfare. Commuter parking for patrons of the Boston & Maine Railroad offstreet parking for retail shoppers, traffic congestion on Main Street, loss of Wilmington's retail dollar to other communities, the lack of incentive for new investment in the Square, the steady economic deterioration of the area--all these are part of the overall problem--and they require a comprehensive solution.

### FRED CAIN

(From Fr. Pg.)

at present Treasurer of the New England Plymouth Dealers Assn, Area Chairman of the Nation Automobile Dealers Assn and was recently elected by the Chrysler Dealers Organization to the office of Dealer Councillor handling all problems, complaints and business matters between the Factory and its dealer groups.

Assisting Mr Cain during the Anniversary Celebration will be his son Fred D Cain of Wilmington, Paul J. Post of Concord, formerly of the Post Motors of Watertown, a veteran more than 20 years in the Auto motive business, David (Rusty) Butterworth, a native son of Wilmington, and Frank B. Cousins of Medford, formerly General Manager of Hughes Motor Mart in Cambridge.

### SOAP DRAWING CONTEST AT WEINBERG'S

Weinberg's Department Store will hold a Halloween soap drawing contest, in which children between the ages of 7 and 13 will be allowed to draw whatever they please on any of the 60 panes of glass in the front of Weinberg's store. Children interested may register any time at the store up until the day before Halloween and may start their drawing three days before Halloween.

Any color is allowed in the drawing -- just so long as it is soap. Three prominent citizens of the town will be chosen for the judges, and they in turn will choose three winners who will receive FREE gift certificates, to be awarded the day after Halloween.

### CIVIL DEFENSE FIRE TRUCK

A 500 gallon pumper with hose has been given to Civil Defense by the State, Mr Rene LaRivee, Director of Civil Defense advised the Board of Selectmen. The truck is forestry type and has a very good motor. It is not yet ready for exhibition because it has to be painted. The pumper will be manned by members of William F. Tattersall Chapter of the DAV who volunteered en masse.

### GLORIA EPSTEIN RECOVERING FROM CONCUSSION

Gloria Epstein, 12 year old daughter of Mr and Mrs Allick Epstein of Cunningham Rd received a concussion of the skull last Monday afternoon when she fell from her horse, which had started to run away on Cunningham Rd. She was taken to St John's Hospital in the ambulance, and is now well on her way to recovery.

### OBSTACLES OVERCOME

A musical program, delightful in itself, was doubly appreciated by the Wilmington Women's Club because of the difficulties which were successfully overcome in order to produce it. The regular accompanist for Mrs. Justina Brown Macauley, scheduled soloist for the first meeting of the Club, found a very few days beforehand, that she would be unable to come. In rehearsal, an hour before time for the program, with Mrs. Mae Bliss, who was pressed into volunteering, Mrs. Macauley's violin bow snapped. After a frantic search of all known or suspected sources of violin bows in Wilmington, one of approximately the right length was discovered in the High School Band Room by Mr. Smith. Promptly at 2 o'clock Mrs. Macauley, violinist and singer, and her accompanist for the afternoon, Mrs. Bliss, entered the Methodist Church to attend first fall meeting of the Club.

The President, Mrs. Thomas Lafionatis, gave a resume of the Mass. Federation of Womens Clubs Convention which was held in Swampscott last May, to which Mrs. Hayward, Mrs. Michelson, Mrs. Pickering, and she had gone as no one delegate was available to attend the whole convention.

Mrs. Lafionatis also spoke about the survey of the Public Library which had been made during the last year, the report of which is available at the Library. She called particular attention to the recommendation of the State Division of Public Libraries that a Friends of the Library group be organized.

The members voted to contribute to the Wilmington Community Fund and to the Veterans Hospital Gift Shop at Bedford. Mrs. Condrey announced that on Oct. 24 a coffee hour for the benefit of the scholarship fund would be held at her home and that several more are being planned by the Scholarship Committee.

The audience then enjoyed an excellent musical program. Mrs. Macauley's violin selections were Nocturne by Chopin, The Swan by Saint-Saens, and Andante by Gluck. She sang Songs My Mother Taught Me by Dvorak, Somewhere a Voice is Calling by Tate, and Coming Home by Willaby. Mrs. Macauley has a lovely voice and a composed manner which permits the listener to hear the song without distraction. Her skilful violin technique gave no indication that she was using a bow to which she was unaccustomed, Mrs. Bliss capably accompanied

**TOWN NOTES**

(cont fr. Pg. 2)

**Household hint:** name, address and phone number written on Freezer Tape stuck onto the utensil is the best way of marking identification. Freezer tape may be purchased at any hardware store where Freezer supplies are sold, stays on even in 180 degree water and in oven baking.

**Glum**

We pause to take off our hat to a fraudulent character who calls himself a chimney inspector and, according to all accounts, is making out quite well in his chosen profession. That is, he cleans chimneys and charges high rates.

The boys in the Fire Dept are quite glum about it. Whether it's because he claims to be a member of the Dept, or charges high rates, we don't know.

**The Good Earth**

It may have been 'The Good Earth' to Pearl Buck, but Agreeable Smith isn't quite so certain if that is so, even if he does like to dabble in farming. Agreeable was plowing the other day and, when he finished the job, he discovered that he had lost his pocketbook. Right now, he figures, it lies somewhere in that field, under eight in. of loam.

But--this wasn't the first time. Three or four years ago he lost a pocketbook under similar circumstances, while plowing for Herb Barrows. That fall he and Bobby Barrows were pulling potatoes from the field with Agreeable operating the tractor and Bobby the potato digger. 'It was right about here that I lost my pocketbook', Agreeable told Bobby. Two seconds later Bobby's digger turned up a new kind of

potato--the pocket book.

Agreeable, by the way, may be the boy to watch in the Town Meeting next Monday. He is a member of the Housing Authority, and may have a few words to say about the Wilmington Square situation.

**Sixteen Pieces**

When we were very young we studied, if that is the proper word, in a Military Academy where the food was nothing to boast about and pie was served never more than once a week, and not every week, either. Pie, to the cadets, was a very important subject as a consequence. It became a medium of exchange that was more important than money, and many a bet was settled in terms of pie. We can recall one cadet who once daringly bet twelve pieces of pie on the outcome of some controversial event. He won, and ate all twelve pieces at one sitting. 'Glooming' on-to pie was a well developed technique, in that school.

Those cadets would have been envious of the results of some unknown person in the Evening Practical Arts School, last week, at the time of the PTA Membership Supper.

Just as the ladies who were serving in the cafeteria were getting ready to close up, an unknown person appeared at the window and ordered 16 pieces of pie and 16 cups of coffee. Taking the person to be one of the PTA members, the ladies filled the order.

But the empty plates didn't come back from the PTA supper. They were found afterwards in one of the classrooms, where the pupils had had an unexpected feast!

**Free Franks**

A friend of ours has a story about a TV program which shows

that people can still be surprised. He was listening to Don Kent, and heard an advertisement by Betty Day about Chamberlain's Leadership Franks that made them sound particularly appetizing. He wrote to Betty, and wanted to know where he could buy some of those franks.

A few days later a big black truck rolled up to our friend's door. The franks, the driver said, can be bought in Lucci's Market. Then he presented our friend with not only a pound of franks, but a pound of Chamberlain's Leadership Bacon too!

# THE CYROTRON OF DUDLEY BUCK

Last summer, Life Magazine had as one of its articles a story about the Massachusetts Institute of Technology, and the work that it was doing. There were about 12 pages of pictures, together with the story, and one of those pages had one picture only, on it—a picture of Dudley Buck, of Birchwood Road, North Wilmington, holding a conventional radio tube, and a new type that

he had just invented. The new type was the cyrotron, and looked like a hair, in the palm of Dudley's hand.

Dudley, who is Secretary of the School Committee, and head of the Radiological Warfare Division of the Wilmington Civil Defense, is a graduate of the University of Washington, who arrived in Wilmington by a series of co-incidences.

He was graduated, after having had four years in the Naval Reserve Officers Training Corps, from the University of Washington, and went into the United States Navy. He was shortly assigned to the national security branch of the service, and plans were made for Buck to go to MIT to work on the huge electronic computers, being built there for the Navy. He was successfully enrolled, but then there was a change in orders, so Buck resigned from the Navy rather than lose a chance to study at MIT. Why he chose to live in Wilmington is something that he has never revealed, but he bought a home here, and became active in Boy Scout work, as Scoutmaster.

Electronic Computers, which is Buck's specialty are huge affairs, that have thousands and thousands of radio tubes, and compute in very short order mathematical problems that mathematicians would take years to solve. A computer with 10,000 radio tubes is a small machine, relatively speaking, today. Yet such a computer could easily occupy the space taken up by the Wilmington Center Pharmacy building, in Wilmington.

Buck's cyrotron will reduce such a computer to about one cubic foot in size. What is more, it will be the kind of machine that will never wear out, at least theoretically.

One of the basic facts behind

the cyrotron is that the colder a metal is the better it will conduct electricity. Working in these ultra-cold temperatures is a part of the science of Cyrogenics which creates a strange world where the thermometer often approaches absolute zero, minus 460 degrees where, theoretically, all molecular action comes to a complete halt.

In these regions of cold a rubber ball shatters like a Christmas tree ornament. Steel becomes immensely hard but as brittle as glass. Lead rings like a bell and carries an electrical current far more easily than silver, one of the best conductors does at room temperatures. Helium turns into two different liquids, one of which mysteriously creeps and crawls out of its container.

Buck went to the absolute limit, to get good conductivity in the materials in his cyrotron—down practically to absolute zero—459.6 degrees below zero Fahrenheit.

Actually, he works at a temperature of 4 degrees, Absolute or about minus 452 degrees Fahrenheit. This is the temperature in which his cyrotron works best. There is no loss of power at this temperature, and there is no chemical action, no rust, no oxidation, so that an object in such a temperature should last forever and never wear out.

5,000 Sq. Ft. of land on the northeasterly side of Beacon St., being Lots 158 and 159 as shown on Plan of Wilmington Square Park recorded with Middlesex North District Deeds, Plan Book 28, Plan 25.

If you desire to make any objection or defense to said petition you or your attorney must file a written appearance and an answer under oath, setting forth clearly and specifically your objections or defense to each part of said petition, in the office of the Recorder of said Court in Boston, (at the Court House) or in the office of the Assistant Recorder of said Court at the Registry of Deeds at Lowell on or before the nineteenth day of November next.

Unless an appearance is so filed by or for you, your default will be recorded, the said petition will be taken as confessed and you will be forever barred from contesting said petition or from having or enforcing any claim or claims adverse to the petitioners, their heirs or assigns, in the above described land.

And in addition to the usual service of this notice as required by law, it is ordered that the foregoing citation be published forthwith once each week, for three successive weeks, in the Town Crier of Wilmington a newspaper published in said Town of Wilmington.

Witness, JOHN E. FENTON, Esquire, Judge of said Court this eighteenth day of October 1956.

Sybil H Holmes, Recorder 025-N1-8

#### PETITION TO FORECLOSE TAX LIEN

Case No. 35240  
TO ALL WHOM IT MAY CONCERN, and to Sidney Sibley, Mrs. Sidney Sibley (if any), now or formerly of Fitchburg, in the County of Worcester and said Commonwealth, or their heirs, devisees or legal representatives; Any persons interested in Post 19 Department of Massachusetts, Grand Army of the Republic, now or formerly of said Fitchburg, who have not released their interest in the land hereinafter described;

Whereas, a petition has been presented to said Court by Aaron J. Bronstein of Newton, in the County of Middlesex and said Commonwealth, to foreclose all rights of redemption from the tax lien proceedings described in said petition in and concerning a certain parcel of land situate in Town of Wilmington, in the County of Middlesex and in said Commonwealth, bounded and described in said petition as follows:

About 4800 square feet of land, being Lots 10-11 in Block 13 Section C as shown on the Woburn City Land & Improvement Co.'s Plan recorded with said No. Dist. Deeds in Plan Book 4c Plan 135.

If you desire to make any objection or defense to said petition you or your attorney must file a written appearance and an answer, under oath, setting forth clearly and specifically your objections or defense to each part of said petition, in the office of the Recorder of said Court in Boston (at the Court House), on or before the thirteenth day of November next.

Unless your appearance is filed by or for you your default will be recorded, the said petition will be taken as confessed and you will be forever barred from contesting said petition or any decree entered thereon.

And in addition to the usual service of this notice as required by law, it is ordered that the foregoing citation be published forthwith once each week for three successive weeks in the Town Crier of Wilmington a newspaper published in said Town of Wilmington.

Witness, JOHN E. FENTON, Esquire, Judge of said Court, this tenth day of October in the year nineteen hundred and fifty six.

Attest with seal of said Court, Sybil H. Holmes, Recorder.

Hurwitz & Hurwitz, Attys. 1 Court Street, Boston Mass. For the petitioner. 018-25 N1

### LAND COURT

#### PETITION TO FORECLOSE TAX LIEN

Case No. 23462 Misc.

To all whom it may concern, and to John J. Wayshnor, Mrs. John J. Wayshnor, James McClelland, Mrs. James McClelland, residences unknown, or their heirs, devisees or legal representatives;

Whereas, a petition has been presented to said Court by James A. Hailey and Phyllis A. Hailey of Reading, in the County of Middlesex and said Commonwealth to establish their title under a low value deed, under the provisions of G.L. (Ter. Ed.) Chapter 60, Section 80-B, running to Ernest C. MacDougall, by instrument dated Nov. 3, 1941, and recorded in the Middlesex North District Registry of Deeds, in Book 970, Page 537; that the petitioners now hold title under deed from John J. & Helen A. Quigg dated October 2, 1956 and duly recorded with said Registry of Deeds, (as Document No. 238 of October 1956) and to require you to show cause why you should not bring action to try any claim or claims which you may have adverse to the petitioners' title arising out of the tax proceedings under which the petitioners' title is based;

Said petition covers two parcels of land in Town of Wilmington, in the said County of Middlesex, bounded and described as follows: Pcl. No. 1: About 10,000 Sq. Ft. of land on the northwesterly side of Beacon St., being Lots 154-157 inclusive as shown on plan of Wilmington Square Park recorded in Middlesex North District Deeds, Plan Book 28, Plan 85. Pcl. No. 2: About

How does he get such temperatures?—with liquid helium, which maintains a temperature of about 4 degrees, Absolute.

The new digital computers which will without doubt be made as a result of Buck's invention, now being patented, will occupy a space of about one cubic foot. In that space there will be not 10,000 radio tubes, but instead 10,000 cyrotrons, all neatly arranged in rows upon rows. The temperature will be, of course, 4 degrees (Absolute), and will be maintained by simply adding more liquid helium, as needed.

Mr Buck modestly says that he didn't do all the work by himself. He has had nine assistants, each of whom has written his thesis for his PhD as the result of his work with Buck.

It will be several years yet, before such an electronic computer is made, but—and this is the exciting possibility—Mr Buck believes it is entirely possible to have computers in the not too distant future with 250,000 cyrotrons—something in other words that will be 25 times greater in numbers and perhaps in scope, than the one that is now envisioned.

And, he says, this too, might be contained in one cubic foot.

#### DISABLED VETERAN ABATEMENTS

This year the last day on which application for abatement of real estate taxes may be filed by Disabled veterans is November 10. Ordinarily the last date in which they may be filed is October 1, but an exception has been made for this year only, because of the delay in sending out the tax bills.
